Education

International Institute of Information Technology Bhubaneswar   2021-2025
Bachelor Of Technology in Computer Science Engineering   *Current GPA: 7.61/10.0*

Narayana Public School
Class XII

Narayana Public School
Class X

COURSEWORK

Courses: Object-Oriented Programming, Data Structures and Algorithms , Database Management System

Technical Skills

Languages: C/C++ , Java , JavaScript , HTML,CSS,
Libraries/Frameworks: Bootstrap , Node.js , React.js , Express.js
Database: MongoDB , Mongoose , SQL
Architectural Style: REST API
Soft skills: Data Structures and Algorithms, Problem Solving skills, Adaptability , Self-learning, Hard Working, Time Management

Projects

Portfolio : —HTML,CSS,React.js,Node.js,Express.js,MongoDB— *Visit Website*   January. 2024
- Portfolio project is a dynamic web application developed using the MERN stack
- Features a responsive design and includes sections such as an about me ,educational qualifications,Tech Stacks, project galleries,achievement and contact form

Expense-Tracker-Application :HTML,CSS,React.js,Node.js,Express.js,MongoDB *Visit Website* May 2023
- Expense Tracker application is a full-stack, web-based tool designed to help users monitor and manage their financial transactions efficiently.
- The backend, built with Node.js and Express, interacts with a MongoDB database to store user data and transaction details with secure authentication.
- A dashboard displaying financial summaries, and functionality to add,update,and delete income and expense entries.

Food Ordering App:—HTML,CSS,React.js,Node.js,Express.js,MongoDB— *Visit Website*   March 2023
- food ordering app, developed with the MERN stack, offers a seamless online ordering experience for users
- Utilizing React for a dynamic and responsive frontend, customers can easily browse available food menu item including starter,biryani/rice,pizza etc along with their prices and add to cart button
- This project implements a secure login-logout system on the backend using Node.js and Express for authentication and session management

Achievements

Leetcode Badge : awarded with Leetcode 50 days and 100 days badge   Dec 2023

Geeksforgeeks weekly coding contest : Secured a monthly ranking of 1127   February 2024

Leetcode rating : 1734 : among 10% of top global coder   June 2024

Other Platform : 5 star at HackerRank , 3 star at Codechef   April 2024
